

ZEBRA'S RETRANSFER CARD PRINTING SOLUTION OFFERS
SUPERIOR IMAGE QUALITY AND **BEST-IN CLASS** THROUGHPUT.

ZXP Series 8™ Retransfer Card Printer And ZMotif™ Software Platform

Superior Image Quality, Fastest Output

With Zebra's innovative ZXP Series 8™ retransfer card printer and ZMotif™ XML-based software platform, create on-demand cards with picture-perfect image quality that meets your brand expectations and quality requirements. And do it with best-in-class throughput for increased efficiency in your operations, the flexibility to add a multitude of encoder options to match your technology needs, high reliability to minimize printer maintenance requirements and total cost of ownership, and easy system integration for fast ROI.

- **Superior image quality** meets your requirements. Based on Zebra's image-processing technology, the ZXP Series 8 printer offers photo-quality images and print resolution that's superior to any other printer.
- Boost your productivity with **best-in-class throughput** and the fastest print speeds available, delivered through Zebra's patent-pending **simultaneous dual-sided image transfer process**, and enhanced with efficient landscape print mode.
- It's **easy to integrate** the ZXP Series 8 printer with your enterprise application. Zebra's ZMotif software includes software development and printer management tools for easy setup and faster deployment—saving IT time and costs and bringing faster ROI to your operations. And a variety of connectivity interfaces fit your local or networked system.
- Designed inside and out to be **reliable and durable**, reducing repair costs and downtime.
- Modular design gives you the flexibility to add features as needs change.

Genuine Zebra Supplies Enhance Reliability and Quality

Genuine Zebra supplies meet stringent quality standards and are recommended for optimal printing quality and proper printer performance. The ZXP Series 8 printer is designed to work only with Zebra True Colours® i Series™ ribbons, Zebra True Colours™ i Series transfer film and Zebra True Secure™ i Series laminates.

- Intelligent i Series ribbon and transfer film automatically calibrate printer—increasing productivity, reducing downtime, and minimizing training.
- Patented linerless i Series laminate is waste-free and lowers the cost per card.
- For high-quality cards, rely on Zebra ribbons, transfer film and laminate consumables.

For card applications that require photo-like images, fast print speeds, easy system integration tools and a modular design with a variety of options, the ZXP Series 8 printer with ZMotif software is your reliable and best choice.

The Laminex Family of Companies is your full-line source for Zebra card printers, supplies, and factory-authorized service. We have been and continue to be the most complete source for all of your plastic card printing needs. Call or click today to reach a friendly representative at one of our three locations.
